- Gujarati
- Hindi

## PROFILE

MERN Stack Developer (Fresher) with strong knowledge of MongoDB, Express.js, React.js, and Node.js. Passionate about building clean, scalable web applications and growing as a full-stack developer.

## PROJECT

### Bookora – MERN Stack Online Book Store

- Developed an Online Book Store (Bookora) using the MERN stack with Admin and User panels, role-based authentication, book management, cart and order features, MongoDB integration, and a responsive user interface.

🔗 Live Demo : <https://bookora-book-store-fronted.vercel.app>

### Brainera – MERN Stack Learning Management System

- Developed a Learning Management System (Brainera) using the MERN stack with role-based authentication. The platform supports course purchase, video learning, quizzes, and certificate generation. Includes an instructor dashboard, secure routes, and a responsive UI built with Tailwind CSS.

## MERN STACK DEVELOPER INTERN | Platinum Tech

- 10 Dec 2025 – 10 March 2026 (3 Months)
- Completed an internship as a MERN Stack Developer, building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Developed RESTful APIs, implemented authentication, fixed bugs, and improved UI responsiveness in a collaborative team environment.
